

## Warehouse Application Solution

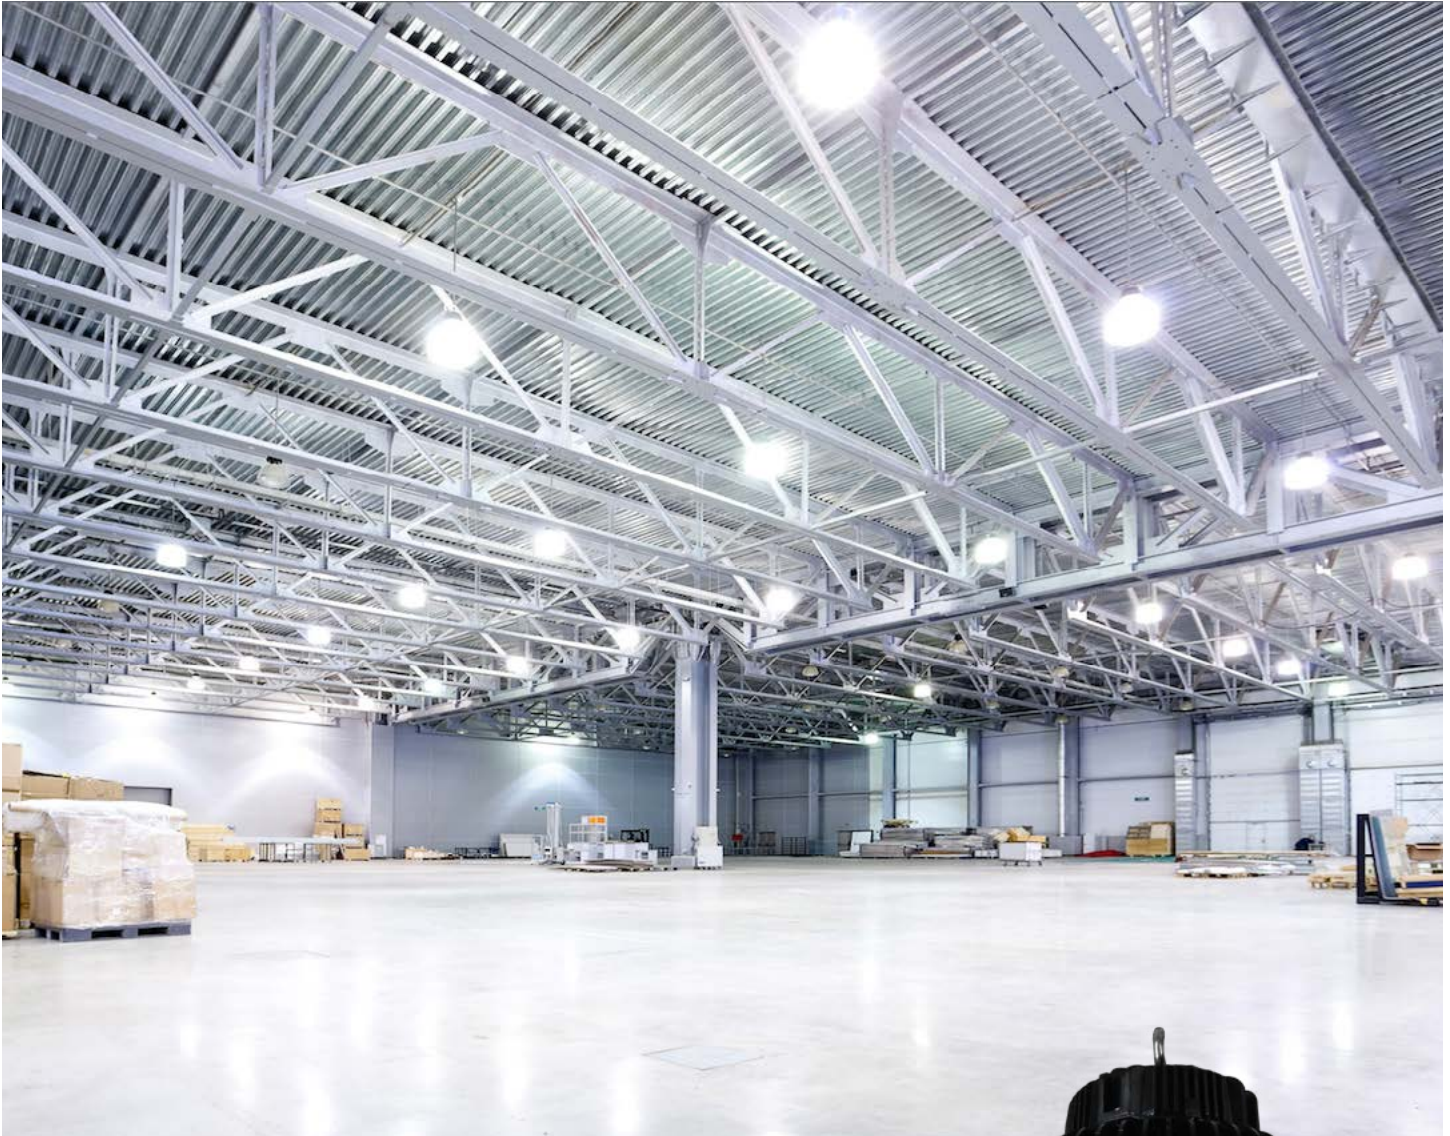

### LED Linear High Bay

[Click to View](#)

- DLC Premium qualified
- Multi-level motion sensor obtain more energy savings
- High quality housing and high efficacy PCB with dual copper cladding for thermal dissipation
- Door frame with lens and wire guard available

## Warehouse Application Solution

### LED UFO High Bay

[Click to View](#)

- Excellent thermal management in one-piece structure by cold-forging technology
- Optional beam angle with reflector in beam angle 60,70, 90,120 degree
- Low maintenance
- Optional motion sensor
- 4000K available
- 347/480V available
